PLAN DE PRUEBAS

Regla mnemotécnica con lo que NO puede faltar en tu plan

Scope = Alcance → ¿Qué vamos a probar? ¿Y qué no?

People = Personas → ¿Quiénes participarán?

Approach = Estrategia → ¿Cómo lo vamos a probar?

Criteria = Criterios → Que vamos a utilizar

Environments = Ambientes → ¿Dónde vamos a probar?

Deliverables = Entregables → ¿Qué vamos a generar?

Incidentals = Incidentes → ¿Cómo vamos a manejarlos?

Risks = Riesgos → Que tenemos que gestionar

Tasks = Tareas → Que debemos realizar

TEST PLAN

Mnemonic rule to avoid missing anything in your test plan

- S**cope → What are we going to test? And what we won't?
- P**eople → Who is going to participate?
- A**pproach → How are we going to test?
- C**riteria → That we are going to consider
- E**nvironments → Where are we going to test?

- D**eliverables → What are we going to generate?
- I**ncidentals → How are we going to manage them?
- R**isks → That we have to manage
- T**asks → That we have to execute
